The screenshot shows the Synology DSM desktop environment. On the left sidebar, there are icons for Package Center, Control Panel, File Station, DSM Help, Synology Drive Admin Console, Synology Drive, and Synology Photos. The main area displays a warning message: "Warning: The system is now in warning status. Please go to Storage...". Below this, the System Health section shows the server name as NAS-RSUD, LAN 1 as 10.20.0.28, and Uptime as 146 day(s) 14:49:35. The Resource Monitor section shows CPU usage at 3%, RAM usage at 32%, and a total memory usage of 317 KB/s (129 KB/s free).
